VIII. „Small Lower Franconian Chess Festival“ 2017

This is the 8th time that the "Small Lower Franconian Chess Festival" takes place and it is going to be "the craziest of all times". As in previous years, there will be the opportunity for first-hand experience with world champions.

Blitz World Champion Chess GM Valentina Gunina and Youth World Champion and European Champion WGM Olga Girya have already confirmed their attendance. Simultaneous tournament (this is GM Valentina Gunina's favourite discipline, and affectionately nicknamed by her as "Crazy Chess") and Chess960 have been firmly established as part of the programme. Basque Chess is another new discipline which we are offering. It is also played at the "World Mind Games" in China and very popular with female chess players. All prize money is guaranteed, which will certainly add to the attractiveness of the festival.

It is our aim to provide an attractive festival for all friends of chess and we look forward to welcoming you.
